Life in Wales-Arthur Herbert Dodd 1972 Describes Welsh life and customs, from the time of the earliest workers of flint tools and weapons down to the emergence of political nationalism in the nineteenth and twentieth centuries.

At the Table: Food and Family around the World-Ken Albala 2016-04-04 What's for dinner? Not just in America, but around the world? And how is it cooked, what's the historical significance of that food, how is it served and consumed, and who gets to clean up? This book provides fascinating insight into how dinner is defined in countries around the world. • Provides intimate insights into a broad range of international food habits, thereby affording readers a glimpse into the daily lives of people around the world and offering immense opportunities for cross cultural comparisons • Compares cooking methods, gender roles regarding food and meals, and the places of children or extended relatives at meal time • Underscores how food culture is universally and intrinsically related to ethnicity, family, and meal-time tradition • Presents a combination of reference narrative, photographs, and recipes that make this a one-stop reference source ideal for
J.O. Francis, realist drama and ethics - Alyce von Rothkirch 2014-06-15

This book rediscovers and re-evaluates the work of the Welsh dramatist J. O. Francis (1882–1954) and his contribution to the development of Welsh drama in the twentieth century. More than a prize-winning dramatist, whose plays were performed all over the world, Francis can also be described as one of the founding fathers of modern Welsh drama, whose work has helped establish theatrical realism on the Welsh stage. His creative non-fiction for the popular press and for radio gives a unique perspective on how Wales was seen through the eyes of a perceptive London-Welsh observer. Using much previously unpublished material, this volume is an excellent introduction to one of Wales’s foremost dramatists, and is innovative in the way that it creates a picture of the amateur dramatic scene of south Wales (1920–40) based on sound statistical analysis of available evidence. It situates Francis’s work in its cultural context and brings this exciting period in Welsh cultural history to life in its introduction to a new audience.

Living Off-Grid in Wales - Elaine Forde 2020-10-15

Living Off-Grid in Wales addresses broad debates about the possibility of planning for a sustainable future, by an examination of rural development off the grid. Contrasting Wales’s policy on One Planet Development – a planning policy that encourages living off-grid – with a more DIY approach to living off-grid, the book presents case studies from eco-villages that imagine off-grid very differently. The text pivots on the problematic question that if planning is about the spatial reproduction of society, then why should it encourage autonomy from societal systems. The ethnographic case studies in the book comprise an ethnography of rural Wales, and the focus on eco-villages brings a fresh perspective to...
the anthropological literature on community by considering off-grid as a radical form of social assemblage.

**Rural Society**-Christopher Clay 1990 Chapters from The Agrarian History of England and Wales, volumes IV and V part II, now appear for the first time in five paperback volumes, designed primarily for a student readership. Dealing respectively with pieces, wages, profits and rents; estate management and the condition of the farm labourer; agricultural techniques and enclosure; marketing; and rural building, these studies bring together the fruits of co-operative scholarship from authorities on the social and economic history of rural England and Wales in the early modern period. To set each subject in context and to update material where necessary, new introductions have been written by the authors of each volume.

**Labour and the Poor in England and Wales, 1849-1851: Lancashire, Cheshire, Yorkshire**-Jules Ginswick 1983 First Published in 1983. Routledge is an imprint of Taylor & Francis, an informa company.

**Baking in Wales**-Sara Minwel Tibbott 1991

**Wales**-Sir Owen Morgan Edwards 1895

**International Bibliography Of Sociology 2003/Bibliographie Internationale Des Sciences Sociales**-Compiled by Compiled by the British Library of Political and Economic Science 2004-12 First published in 1952, the International Bibliography of the Social Sciences (anthropology, economics,
political science, and sociology) is well established as a major bibliographic reference for students, researchers and librarians in the social sciences worldwide. Key features * Authority: Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced. Articles and books are selected on merit by some of the world's most expert librarians and academics. * Breadth: today the IBSS covers over 2000 journals - more than any other comparable resource. The latest monograph publications are also included. * International Coverage: the IBSS reviews scholarship published in over 30 languages, including publications from Eastern Europe and the developing world. * User friendly organization: all non-English titles are word sections. Extensive author, subject and place name indexes are provided in both English and French.

The Customs and Traditions of Wales - Trefor M. Owen 2016-04-20 Trefor M. Owen’s seminal work educates, enlightens and entertains with a far-reaching yet accessible text, which paints a colourful and comprehensive portrait of a nation’s rich folk culture. The Customs and Traditions of Wales is an illuminating and engrossing insight into a subject that continues to unfold and develop in contemporary life. Despite an increasingly globalised society that has transformed local communities, folk customs are still practised and enjoyed the world over as people combine modern-day and historical rituals and embrace opportunities to learn about their past, and Owen’s influential study has maintained its relevance as customs change and evolve.

The agrarian history of England and Wales. 7, 1850 - 1914 : Pt. 2 - Edward John T. Collins 2000 The period between the repeal of the Corn Laws and the Great War is crucial for an understanding of present-day rural and agricultural issues.
The unifying theme of this volume is the changing role of the countryside in national life, and the impact upon it of the social and economic forces unleashed by industrialisation and the growth of towns. Science and technology held out the prospect of unprecedented advances in agricultural output and productivity but, by 1914, English agriculture had lost its 'headship among industries', and technical supremacy among nations. It now produced less than one-tenth of national income and employment, and less than half the nation's food. Only one-fifth of the population was classified as 'rural'; most traditional rural crafts had long since decayed; and the social and political position of the landowning classes had been seriously weakened.

**Bye-gones, Relating to Wales and the Border Counties** - 1883

**Greater Medieval Houses of England and Wales, 1300-1500: Volume 2, East**

**Anglia, Central England and Wales** - Anthony Emery
1996 The second volume of a massive, illustrated survey, the first of its kind for 150 years.

**Wales since 1939** - Martin Johnes
2013-01-18 The period since 1939 saw more rapid and significant change than any other time in Welsh history. Wales developed a more assertive identity of its own and some of the apparatus of a nation state. Yet its economy floundered between boom and bust, its traditional communities were transformed and the Welsh language and other aspects of its distinctiveness were undermined by a globalizing world. Wales was also deeply divided by class, language, ethnicity, gender, religion and region. Its people grew wealthier, healthier and more educated but they were not always happier. This groundbreaking book examines the story of Wales since 1939, giving voice to ordinary people and the variety of experiences within the nation. This is a history of not just a
nation, but of its residents’ hopes and fears, their struggles and pleasures and their views of where they lived and the wider world.

Queer Wales-Huw Osborne 2016-06-20 The relationship between nation and queer sexuality has long been a fraught one, for the sustaining myths of the former are often at odds with the needs of the latter. This collection of essays introduces readers to important historical and cultural figures and moments in queer life, and it addresses some of the urgent questions of queer belonging that face Wales today.

Beautiful Wales-Edward Thomas 2019-12-12 "Beautiful Wales" by Edward Thomas.

From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Nineteenth-Century Women's Writing in Wales-Jane Aaron 2010-02-01 The first volume in the new series Gender Studies in Wales, this book argues that the way in which people came to perceive and to represent themselves as Welsh was profoundly affected by the gender ideologies prevalent during the Romantic and Victorian periods. "Nineteenth-Century Women's Writing in Wales: Nation, Gender and Identity" introduces readers to a hundred Welsh women.
authors at work during the years 1780-1900, some writing in Welsh and some in English. In so doing, it rescues many of these authors from critical neglect and oblivion. In the second half of the nineteenth century in particular, Welsh women writers in both languages were numerous and enjoyed a degree of influence on Welsh culture easily commensurate with that of women writers today. By covering the nineteenth century chronologically, this book traces the coming into being of the Welsh nation as its women in particular saw it, and as they helped to create it.

Wanderings in North Wales-William Cathrall 1851

The Cambrian- 1891

Marriage, Domestic Life and Social Change -David Clark 2003-09-02 Marriage, Domestic Life and Social Change brings together leading writers on marriage

and the family in a tribute to the life and work of Jacqueline Burgoyne, a major figure in family studies.

The Nations of Wales-M. Wynn Thomas 2016-05-20

Certain simple and stereotypical images of Wales strike an immediate chord with the public, both in Wales itself and beyond its borders. For much of the twentieth century, the country was thought of as ‘The Valleys’, a land of miners and choirs and rugby clubs. This image of a ‘Proletarian Wales’ (with its attendant Socialist politics) dominated popular imagination, just as the image of ‘Nonconformist Wales’ – a Wales of chapels and of a grimly puritan society – had gripped the imagination of the High Victorian era. But what of the Wales of the late Victorian and Edwardian decades? What image of Wales prevailed at that time of revolutionary social, economic, cultural, religious and political change? This book argues that several competing images of Welshness were put in circulation during that time,
and proceeds to examine several of the most influential of these as they took the form of literary texts.

**The Medieval March of Wales** - Max Lieberman
2010-01-28 This book examines the making of the March of Wales and the crucial role its lords played in the politics of medieval Britain between the Norman conquest of England of 1066 and the English conquest of Wales in 1283. Max Lieberman argues that the Welsh borders of Shropshire, which were first, from c.1165, referred to as Marchia Wallie, provide a paradigm for the creation of the March. He reassesses the role of William the Conqueror's tenurial settlement in the making of the March and sheds new light on the ways in which seigneurial administrations worked in a cross-cultural context. Finally, he explains why, from c.1300, the March of Wales included the conquest territories in south Wales as well as the highly autonomous border lordships. This book makes a significant and original contribution to frontier studies, investigating both the creation and the changing perception of a medieval borderland.
