**English Women's Clothing**
What did a Victorian lady wear for a walk in the park? How did she style her hair for an evening at the theatre? And what products might she have used to soothe a sunburn or treat an unsightly blemish? Mimi Matthews answers these questions and more as she takes readers on a decade-by-decade journey through Victorian fashion and beauty history. This book documents the clothing and accessories worn in the United States during the late Victorian period. Newspapers from the South and catalogs from the Midwest are quoted, as well as fashion magazines from New York, for a well-balanced view of nationwide trends. The book is illustrated with black and white fashion illustrations, photographs, and drawings from the period.

English Women's Clothing in the Nineteenth Century - Randolph Garate 2021-04-24

Reforming Women's Fashion, 1850-1920 - Patricia Anne Cunningham 2003

This work focuses on the efforts toward reforming women's dress that took place in Europe and America in the latter half of the 18th century and the first decade of the 20th century, and the types of garments adopted by women to overcome the challenges posed by fashionable dress. It considers the many advocates for reform and examines their motives, their arguments for change, and how they promoted improvements in women's fashion. Though there was no single overarching dress reform movement, it reveals similarities among the arguments posed by diverse groups of reformers, including especially the equation of reform with an ideal image of improved health. Drawing on a variety of primary and
secondary sources in the USA and Europe - including the popular press, advice books for women, allopathic and alternative medical literature, and books on aesthetics, art, health, and physical education - the text makes a significant contribution to costume studies, social history, and women's studies.

**Victorian Fashions and Costumes from Harper's Bazar, 1867-1898**

**Politics of Fashion in Eighteenth-Century America**
2011 The Politics of Fashion in Eighteenth-Century America

**Fashion Design Essentials**
Jay Calderin 2012-11-01 Provides guidelines and advice on starting points for fashion designers of all levels, including defining and rendering concepts, understanding textiles, developing sewing skills, and building an audience.

**The Dictionary of Fashion History**
Valerie Cumming 2010-11-15 A landmark volume - the most comprehensive fashion history on the market, now completely updated.

**101 Plus Size Women's Clothing Tips**
Lynda Moultry 2006 For so long, there has been little in the way of fashion advice and education for full-figured women. Additionally, fun, sexy, trends were not made for women of size, relegating us to clothing that was much frumpier than fashionable. This book is designed to put plus-size women back in front of the crowd with colorful tunics, sexy wrap dresses, sophisticated denim, bright accessories, the hottest footwear and a revamped
outlook on why being a plus-sized woman means you have the ability to be stylish, bold and fabulous. Take the tips in this book and apply them to your wardrobe.

**How to Read a Dress**-Lydia Edwards 2021-10-07 Fashion is ever-changing, and while some styles mark a dramatic departure from the past, many exhibit subtle differences from year to year that are not always easily identifiable. With overviews of each key period and detailed illustrations for each new style, How to Read a Dress is an appealing and accessible guide to women's fashion across five centuries. Each entry includes annotated color images of historical garments, outlining important features and highlighting how styles have developed over time, whether in shape, fabric choice, trimming, or undergarments. Readers learn how garments were constructed and where their inspiration stemmed from at key points in history - as well as how dresses have varied in type, cut, detailing and popularity according to the occasion and the class, age and social status of the wearer. This new edition includes additional styles to illustrate and explain the journey between one style and another; larger images to allow closer investigation of details of dress; examples of lower and working-class, as well as middle-class, clothing; and a completely new chapter covering the 1980s to 2020. The latter demonstrates how the late 20th century and early 21st century firmly left the dress behind as a requirement, but retained it as a perennially popular choice and illustrates how far the traditional boundaries of 'the dress' have been pushed (even including reference to a newly non-binary appreciation of the garment), and the intellectual shifts in the way women's fashion is both inspired and inspires. With these new additions, How to Read a Dress, revised edition, presents a complete and up-to-date picture of 'the dress' in all its forms, across the centuries, and taking into account different sartorial and social experiences. It is the ideal tool for anyone who has ever wanted to know their
cartridge pleats from their Récamier ruffles. Equipping the reader with all the information they need to 'read' a dress, this is the ultimate guide for students, researchers, and anyone interested in historical fashion.

**Fashion on the Ration**

Julie Summers 2015-03-05 In September 1939, just three weeks after the outbreak of war, Gladys Mason wrote briefly in her diary about events in Europe: 'Hitler watched German siege of Warsaw. City in flames.' And, she continued, 'Had my wedding dress fitted. Lovely.' For Gladys Mason, and for thousands of women throughout the long years of the war, fashion was not simply a distraction, but a necessity - and one they weren't going to give up easily. In the face of bombings, conscription, rationing and ludicrous bureaucracy, they maintained a sense of elegance and style with determination and often astonishing ingenuity. From the young woman who avoided the dreaded 'forces bloomers' by making knickers from military-issue silk maps, to Vogue's indomitable editor Audrey Withers, who balanced lobbying government on behalf of her readers with driving lorries for the war effort, Julie Summers weaves together stories from ordinary lives and high society to provide a unique picture of life during the Second World War. As a nation went into uniform and women took on traditional male roles, clothing and beauty began to reflect changing social attitudes. For the first time, fashion was influenced not only by Hollywood and high society but by the demands of industrial production and the pressing need to 'make-do-and-mend'. Beautifully illustrated and full of gorgeous detail, Fashion on the Ration lifts the veil on a fascinating era in British fashion.

**Women's Lives and Clothes in WW2**

Lucy Adlington 2019-10-30 An illustrated history of World War II-era women’s fashions, featuring ladies from all nations.
involved in conflict. What would you wear to war? How would you dress for a winter mission in the open cockpit of a Russian bomber plane? At a fashion show in Occupied Paris? Singing in Harlem, or on fire watch in Tokyo? Women’s Lives and Clothes in WW2 is a unique, illustrated insight into the experiences of women worldwide during World War II and its aftermath. The history of ten tumultuous years is reflected in clothes, fashion, accessories, and uniforms. As housewives, fighters, fashion designers, or spies, women dressed the part when they took up their wartime roles. Attractive to a general reader as well as a specialist, Women’s Lives and Clothes in WW2 focuses on the experiences of British women, then expands to encompass every continent affected by war. Woven through all cultures and countries are common threads of service, survival, resistance, and emotion. Historian Lucy Adlington draws on interviews with wartime women, as well as her own archives and costume collection. Well-known names and famous exploits are featured—alongside many never-before-told stories of quiet heroism. You’ll indulge in luxury fashion, bridal ensembles, and enticing lingerie, as well as thrifty make-do-and-mend. You’ll learn which essential garments to wear when enduring a bomb raid and how a few scraps of clothing will keep you feeling human in a concentration camp. Women's Lives and Clothes in WW2 is richly illustrated throughout, with many previously unpublished photographs, 1940s costumes, and fabulous fashion images. History has never been better dressed.

Costume and Fashion: A Concise History (World of Art)-James Laver 2020-04-14
An authoritative account of the history of fashion and costume from prehistoric times to today. From the momentous invention of the needle some 40,000 years ago to the development of blue denim, from Neolithic weavers to the biggest names in the fashion industry today,
this classic guide covers the landmarks of costume history. Costume and Fashion explores the forms and materials used in fashion through the ages, the underlying motives of fashion, and the ways in which clothes have been used to protect, express identity, and attract or influence others. This updated sixth edition features a new foreword and concluding chapter by Amy de la Haye and a new discussion about the major political shifts within the fashion industry, highlighting how it has responded to issues surrounding racism and sexism, LGBTQIA rights, mental health awareness, body and age diversity, and global sustainability. Generously illustrated with paintings, drawings, and photographs, and with a new angle on the emergence of ethical fashion, Costume and Fashion feels more current than ever.

**Women of the Raj**-Margaret MacMillan 2007 A vivid social history details the lives of British women "exiled" to India by virtue of their husbands' and fathers' assignments there during the era of British colonial rule, interweaving personal correspondence, interviews, and memoirs to capture a unique society immersed in a culture very different from their own. Original. 35,000 first printing.

**HRH**-Elizabeth Holmes 2020-11-17 **THE INSTANT NEW YORK TIMES BESTSELLER** Veteran style journalist Elizabeth Holmes expands her popular Instagram series, So Many Thoughts, into a nuanced look at the fashion and branding of the four most influential members of the British Royal Family: Queen Elizabeth II; Diana, Princess of Wales; Catherine, The Duchess of Cambridge; and Meghan, The Duchess of Sussex. Kate Middleton and Meghan Markle are global style icons, their every fashion choice chronicled and celebrated. With all eyes on them, the duchesses select clothes that send a message about their values, interests, and priorities. Their thoughtful sartorial strategies follow in
the footsteps of Queen Elizabeth II and Diana, Princess of Wales, two towering figures known for using their personal style to great acclaim. With one section devoted to each woman, HRH is a celebration of their stories and their style, pairing hundreds of gorgeous photographs with extensive research. A picture emerges of the British monarchy’s evolution and the power of royal fashion, showing there’s always more than what meets the eye.

**Clothing Through American History**-Kathleen A. Staples 2013-06-25
Presents a description of all aspects of dress in British colonial America, including the social and historical background of British America, and covering men's, women's, and children's garments.

**The Concise History of Costume and Fashion**-James Laver 1969

**Understanding Fashion History**-Valerie Cumming 2021-06-03
The generous reception given to Understanding Fashion History when it was first published in 2004 recognised it as a timely reappraisal of the role of fashion and its place in society. The book introduces the reader to the ways fashionable dress has been defined and studied since the late 17th century, considering the theories that surround the subject, the assembling and use of collections of fashion and textiles, the significance of dress and art, the tension between uniformity of appearance and disguise, and the purpose of theatrical costume. This book has been read and recommended by academics, collectors, curators, students and general readers who want context for the contemporary obsession with fashion. Constantly in demand, it has become a classic text in its field.

**New Women's Dress for Success**-John T. Molloy
2008-12-14 New Women's Dress for Success shows which clothes can have power in today's work place, a business world where casual clothes are becoming the new uniform, and women in management positions have no clear ideas of what to wear.

**Playing the Game**-Kathleen E. McCrone 1988-06-04 " In England the latter years of the nineteenth century saw a period of rapid and profound change in the role of women in sports. Kathleen McCrone describes this transformation and the social changes it helped to bring about. Based upon a thorough canvas of primary and secondary materials, this study fills a gap in the history of women, of sport, and of education."

**Humans and Other Animals in Eighteenth-Century British Culture**-Frank Palmeri 2020-07-09 Combining historical and interpretive work, this collection examines changing perceptions of and relations between human and nonhuman animals in Britain over the long eighteenth century. Persistent questions concern modes of representing animals and animal-human hybrids, as well as the ethical issues raised by the human uses of other animals. From the animal men of Thomas Rowlandson to the part animal-part human creature of Victor Frankenstein, hybridity serves less as a metaphor than as a metonym for the intersections of humans and other animals. The contributors address such recurring questions as the implications of the Enlightenment project of naming and classifying animals, the equating of non-European races and nonhuman animals in early ethnographic texts, and the desire to distinguish the purely human from the entirely nonhuman animal. Gulliver's Travels and works by Mary and Percy Shelley emerge as key texts for this study. The volume will be of interest to scholars and students who work in animal, colonial, gender, and cultural studies; and will appeal to general readers concerned
with the representation of animals and their treatment by humans.

**Advanced Rockcraft** - Royal Robbins 1973

**Women's Work: The First 20,000 Years Women, Cloth, and Society in Early Times** - Elizabeth Wayland Barber 1995-09-17

"A fascinating history of...[a craft] that preceded and made possible civilization itself."

—New York Times Book Review

New discoveries about the textile arts reveal women's unexpectedly influential role in ancient societies. Twenty thousand years ago, women were making and wearing the first clothing created from spun fibers. In fact, right up to the Industrial Revolution the fiber arts were an enormous economic force, belonging primarily to women. Despite the great toil required in making cloth and clothing, most books on ancient history and economics have no information on them. Much of this gap results from the extreme perishability of what women produced, but it seems clear that until now descriptions of prehistoric and early historic cultures have omitted virtually half the picture. Elizabeth Wayland Barber has drawn from data gathered by the most sophisticated new archaeological methods—methods she herself helped to fashion. In a "brilliantly original book" (Katha Pollitt, Washington Post Book World), she argues that women were a powerful economic force in the ancient world, with their own industry: fabric.

**British Military Spectacle** - Scott Hughes Myerly 1996

In the theater of war, how important is costume? And in peacetime, what purpose does military spectacle serve? This book takes us behind the scenes of the British military at the height of its brilliance to show us how dress and discipline helped to mold the military man and attempted to seduce the hearts and minds of a nation while serving to intimidate civil rioters in peacetime. Often ridiculed for
their constrictive splendor, British army uniforms of the early nineteenth century nonetheless played a powerful role in the troops' performance on campaign, in battle, and as dramatic entertainment in peacetime. Plumbing a wide variety of military sources, most tellingly the memoirs and letters of soldiers and civilians, Scott Hughes Myerly reveals how these ornate sartorial creations, combining symbols of solidarity and inspiration, vivid color, and physical restraint, enhanced the managerial effects of rigid discipline, drill, and torturous punishments, but also helped foster regimental esprit de corps. Encouraging recruitment, enforcing discipline within the military, and boosting morale were essential but not the only functions of martial dress. Myerly also explores the role of the resplendent uniform and its associated gaudy trappings and customs during civil peace and disorder—whether employed as public relations through spectacular free entertainment, or imitated by rioters and rebels opposing the status quo.

Dress, drills, parades, inspections, pomp, and order: as this richly illustrated book conducts us through the details of the creation, design, functions, and meaning of these aspects of the martial image, it exposes the underpinnings of a mentality—and vision—that extends far beyond the military subculture into the civic and social order that we call modernity.

**Women, Work, and Clothes in the Eighteenth-Century Novel**-Chloe Wigston Smith 2013-06-13 This groundbreaking study examines the vexed and unstable relations between the eighteenth-century novel and the material world. Rather than exploring dress's transformative potential, it charts the novel's vibrant engagement with ordinary clothes in its bid to establish new ways of articulating identity and market itself as a durable genre. In a world in which print culture and textile manufacturing traded technologies, and paper was made of rags, the novel, by
contrast, resisted the rhetorical and aesthetic links between dress and expression, style and sentiment. Chloe Wigston Smith shows how fiction exploited women's work with clothing - through stealing, sex work, service, stitching, and the stage - in order to revise and reshape material culture within its pages. Her book explores a diverse group of authors, including Jane Barker, Jonathan Swift, Daniel Defoe, Eliza Haywood, Samuel Richardson, Henry Fielding, Charlotte Lennox, John Cleland, Frances Burney and Mary Robinson.

**Historical Dictionary of the Fashion Industry**-Francesca Sterlacci 2017-06-30 This second edition of Historical Dictionary of the Fashion Industry contains a chronology, an introduction, appendixes, a bibliography. The dictionary section has over 1,400 cross-referenced entries on designers, models, couture houses, significant articles of apparel and fabrics, trade unions, and the international trade organizations.

**Clothing Through American History**-Anita A. Stamper 2011 Learn what men, women, and children have worn—and why—in American history, from the deprivations of the Civil War through the prosperous 1890s.

**Nineteenth-Century Women's Fashion**-Felicity Warnes 2016-01-12 Follows high-style couture trends over a 100-year period from 1800 to 1900, as illustrated in 374 color photographs of original, hand-colored fashion plates from the author's private collection. The 11 chapters (organized by decade) include a brief survey of the subtle changes in clothing design through each decade and a social history of the times. Follow the whims of fashion on this promenade through the 1800s, when high-society women sported beribboned toques and turbans and crinolines, capes, and extravagant sleeves. Based mostly on original French artwork, the fashion plates,
which appeared in magazines of the day, also document fashion illustration as an evolving art form, making this book an invaluable resource for historians, scholars, theater costume designers, artists, and fashion enthusiasts.

Feminine Modes and Mores of the Nineteenth Century
Virginia Lee Zachery 1955
