Sessional Papers - Legislature of the Province of Ontario-Ontario. Legislative Assembly 1906

Japan's Colonization of Korea-Alexis Dudden 2006-12-18 From its creation in the early twentieth century, policymakers used the discourse of international law to legitimate Japan's empire. Although the Japanese state aggrandizers' reliance on this discourse did not create the imperial nation Japan would become, their fluent use of its terms inscribed Japan's claims as legal practice within Japan and abroad. Focusing on Japan's annexation of Korea in 1910, Alexis Dudden gives long-needed attention to the intellectual history of the empire and brings to light presumptions of the twentieth-century's so-called international system by describing its most powerful—and most often overlooked—member's engagement with that system. Early chapters describe the global atmosphere that declared Japan the legal ruler of Korea and frame the significance of the discourse of early twentieth-century international law and how its terms became Japanese. Dudden then brings together these discussions in her analysis of how Meiji leaders embedded this discourse into legal precedent for Japan, particularly in its relations with Korea. Remaining chapters explore the limits of these 'universal' ideas and consider how the international arena measured Japan's use of its terms. Dudden squares her examination of the legality of Japan's imperialist designs by discussing the place of colonial policy studies in Japan at the time, demonstrating how this new discipline further created a common sense that Japan's empire accorded to knowledgeable practice. This landmark study greatly enhances our understanding of the intellectual underpinnings of Japan's imperial aspirations. In this carefully researched and cogently argued work, Dudden makes clear that, even before Japan annexed Korea, it had embarked on a legal and often legislating mission to make its colonization legitimate in the eyes of the world.

Transnational Perspectives on the Conquest and Colonization of Latin America-Jenny Mander 2019-09-19 Ranging geographically from Tierra del Fuego to California and the Caribbean, and historically from early European sightings and the utopian projects of would-be colonizers to the present-day cultural politics of migrant communities and international relations, this volume presents a rich variety of case studies and scholarly perspectives on the interplay of diverse cultures in the Americas since the European conquest. Subjects covered include documentary and archaeological evidence of cultural interaction, the collection of native artifacts and the role of museums in the interpretation of indigenous traditions, the cultural impact of Christian missions and the representation of indigenous cultures in writings addressed to European readers, the development of Latin American artistic traditions and the incorporation of motifs from European classical antiquity into modern popular culture, the contribution of Afro-descendants to the cultural mix of Latin America and the erasure of the Hispanic heritage from cultural perceptions of California since the nineteenth century. By offering accessible and well-illustrated accounts of a wide range of particular cases, the volume aims to stimulate thinking about historical and methodological issues, which can be exploited in a teaching context as well as in the furtherance of research projects in a comparative and transnational framework.

Strangers at Our Gates-Valerie Knowles 2007 In this revised edition, Knowles describes Canadians and immigrants and immigration policies, paying special attention to the Immigration and Refugee Protection Act of 2001.

Routledge Handbook of the Archaeology of Indigenous-Colonial Interaction in the Americas-Lee M. Panich 2021-07-19 The Routledge Handbook of the Archaeology of Indigenous-Colonial Interaction in the Americas brings together scholars from across the hemisphere to examine how archaeology can highlight the myriad ways that Indigenous people have negotiated colonial systems from the fifteenth century through to today. The contributions offer a comprehensive look at where the archaeology of colonialism has been and where it is heading. Geographically diverse case studies highlight longstanding theoretical and methodological issues as well as emerging topics in the field. The organization of chapters by key issues and topics, rather than by geography, fosters exploration of the commonalities and contrasts between historical contingencies and scholarly interpretations. Throughout the volume, Indigenous and non-Indigenous contributors grapple with the continued colonial nature of archaeology and highlight Native perspectives on the potential of using archaeology to remember and tell colonial histories. This volume is the ideal starting point for students interested in how archaeology can illuminate Indigenous agency in colonial settings. Professionals, including academic and cultural resource management archaeologists, will find it a convenient reference for a range of topics related to the archaeology of colonialism in the Americas.

Statut de la Province de Québec-Québec (Province) 1937

Statutes of the Province of Quebec-Québec (Province) 1937

Colonizing Leprosy-Michelle T. Moran 2012-09-01 By comparing institutions in Hawaii and Louisiana designed to incarcerate individuals with a highly stigmatized disease, Colonizing Leprosy provides an innovative study of the complex relationship between U.S. imperialism and public health policy in the late nineteenth and early twentieth centuries. Focusing on the Kalaupapa Settlement in Moloka'i and the U.S. National Leprosarium in Carville, Michelle Moran shows not only how public health policy emerged as a tool of empire in America's colonies, but also how
Assimilation and Empire-Saliba Belmessous 2013-03-21 Assimilation was an ideology central to European expansion and colonisation, an ideology which legitimised colonisation for centuries. Assimilation and Empire shows that the aspiration for assimilation was not only driven by materialistic reasons, but was also motivated by ideas. The engine of assimilation was found in the combination of two powerful ideas: the European philosophical conception of human perfectibility and the idea of the modern state. Europeans wanted to create, in their empires, political and cultural forms they valued and wanted to realise in their own societies, which but did not yet exist. Saliba Belmessous examines three imperial experiments: seventeenth- and eighteenth-century New France, nineteenth-century British Australia, and nineteenth and twentieth-century French Algeria - and reveals the complex inter-relationship between policies of assimilation, which were driven by a desire for perfection and universality, and the greatest challenge to those policies, discourses of race, which were based upon perceptions of difference. Neither colonised nor European peoples themselves were able to conform to the ideals given as the object of assimilation. Yet, the deep links between assimilation and empire remained because at no point since the sixteenth century has the utopian project of perfection - articulated through the progressive theory of history - been placed seriously in question. The failure of assimilation pursued through empire, for both colonised and coloniser, reveals the futility of the historical pursuit of perfection.

Chapters on the Law Relating to the Colonies-Charles James Tarring 1893

“The” Public Statutes at Large of the United States of America ... Ed. by Richard Peters- 1854

United States Statutes at Large-United States 1846 Vols. for 1950-19 contained treaties and international agreements issued by the Secretary of State as United States treaties and other international agreements.

Maxim Colonies Box Set 1: Jailmates, Farborn, & Saudade-Lesli Richardson 2021-04-12 Contains the first three books of the Maxim Colonies Series. Book 1: Jailmates This wasn’t in the contract. Simon Quigley had no idea what to expect when he agreed to do this for the money, but the eight-foot-tall pink alien isn’t what he was expecting. For starters, Simon’s straight. And Mochn isn’t a girl. The contract? It’s unbreakable. It’s going to be a long five years. Book 2 in the Maxim Colonies series. This sci-fi/space opera romance features a male human and a non-binary alien pairing, a “mail-order bride” for hire trope, m-preg, aliens who look like aliens, smol and tall pairing, and a guaranteed HEA! Book 2: Farborn He’s not from around here... Davies McKellen is a man without a true home. The cocky mining contractor navigator has spent his entire adult life roaming the stars and refusing to be tied down by anyone. But that doesn’t come without cost. Like loneliness. When Davies makes his first run to the planet Pfahrn, he meets Olarte, a Pfahrin who intrigues him in ways he never dreamed possible. Except duplicity and deadly secrets are a killer combo that'll make any man rethink his past. And if the eight-foot-tall green alien is Davies' future, he might be down for that. He's got priorities, though. Like making sure they uncover the truth first, and don't die in the process. Book 2 in the Maxim Colonies series. This sci-fi/space opera romance features a male human and a non-binary alien pairing, a life-or-death interstellar showdown, m-preg, aliens who look like aliens, smol and tall pairing, and a guaranteed HEA! Book 3: Saudade The love that remains... Kivia Quigley never expected to be the mother-in-law to an eight-foot-tall pink alien, but she’s not complaining. The widow is more than happy to have some joy in her family’s life, for a change. And when she meets Dr. Mafer H’looder, a brilliant Veraci scientist, she realizes that, despite their drastic physiological differences, they have a lot more in common than just being able to speak each other’s languages. Like grief, longing, and loneliness. And a greedy, megalomaniacal psychopath determined to get what he wants out of both of them. Book 3 in the Maxim Colonies series. This second-chance sci-fi/space opera romance features a female human and a male four-armed alien pairing, a somewhat kinky alien scientist, a seriously angry adversary, aliens who look like aliens, and a guaranteed HEA!

The Palgrave Handbook of African Colonial and Postcolonial History-Martin S. Shanguhyia 2018-01-28 This wide-ranging volume presents the most complete appraisal of modern African history to date. It assembles dozens of new and established scholars to tackle the questions and subjects that define the field, ranging from the economy, the two world wars, nationalism, decolonization, and postcolonial politics to religion, development, sexuality, and the African youth experience. Contributors are drawn from numerous fields in African studies, including art, music, literature, education, and anthropology. The themes they cover illustrate the depth of modern African history and the diversity and originality of lenses available for examining it. Older themes in the field have been treated to an engaging re-assessment, while new and emerging themes are situated as the book’s core strength. The result is a comprehensive, vital picture of where the field of modern African history stands today.

The Audience in the Spanish Colonies-Charles Henry Cunningham 2019-11-29 "The Audience in the Spanish Colonies" by Charles Henry Cunningham. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction to literary & non-fiction to forgotten−or yet undiscovered−gems of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Colonial Administration-Paul Samuel Reinsch 1905

Reports and Correspondence as to Mr. Casolani’s Mission to London 1922-Malta. Superintendent of Emigration 1922

Colonization and the Origins of Humanitarian Governance-Alan Lester 2014-04-17 How did those responsible for creating Britain’s nineteenth-century settler empire render colonization compatible with humanitarianism? Avoiding a cynical or celebratory response, this book takes seriously the humane colonial governance connects projects of emancipation, amelioration, conciliation, protection and development in sites ranging from British Honduras through Van Diemen’s Land and New South Wales, New Zealand and Canada to India. It is seen in the lives of governors like George Arthur and George Grey, whose careers saw the violent and destructive colonization of indigenous peoples at the hands of British emigrants. The story challenges the exclusion of officials’ humanitarian sensibilities from colonial history and places the settler colonies within the larger historical context of Western humanism.

The Suffrage Franchise in the Thirteen English Colonies in America-Edward McKinley 1905

A Discourse Concerning Western Planting-Richard Hakluyt 1877

History of the Colonies of the British Empire ...-Robert Montgomery Martin 1843

Statistics of the Colonies of the British Empire ...Robert Montgomery Martin 1839
Statistics of the Colonies of the British Empire in the West Indies, South America, North America, Asia, Australia, Asia, Africa and Europe - Robert Montgomery Martin 1839

Class Room Libraries for Public Schools - Buffalo Public Library (Buffalo, N.Y.) 1902

African Perspectives on Colonialism - A. Adu Boahen 1987 "Contradict[s] the extraordinary myth that Africa 'has no history.' Boahen is one of the pioneers in the school of African historiography." -- Times Literary Supplement

Papers and Proceedings of the Fifteenth Annual Meeting ... 1902 - American Economic Association 1903

Political Annals of the Present United Colonies - George Chalmers 1780

The African Repository and Colonial Journal - 1832

Colonization and Its Discontents - Beverly C. Tomek 2012-09-24

Pennsylvania contained the largest concentration of early America’s abolitionist leaders and organizations, making it a necessary and illustrative stage from which to understand how national conversations about the place of free blacks in early America originated and evolved, and, importantly, the role that colonization—supporting the emigration of free and emancipated blacks to Africa—played in national and international antislavery movements. Beverly C. Tomek’s meticulous exploration of the archives of the American Colonization Society, Pennsylvania’s abolitionist societies, and colonizationist leaders (both black and white) enables her to boldly and innovatively demonstrate that, in Philadelphia at least, the American Colonization Society often worked closely with other antislavery groups to further the goals of the abolitionist movement. In Colonization and Its Discontents, Tomek brings a much-needed examination of the complexity of the colonization movement by describing in depth the difference between those who supported colonization for political and social reasons and those who supported it for religious and humanitarian reasons. Finally, she puts the black perspective on emigration into the broader picture instead of treating black nationalism as an isolated phenomenon and examines its role in influencing the black abolitionist agenda.
